Technical Data and Parameter

Technische Daten und Parameter

The above-mentioned product family has been approved in a standard configuration (details see certification reports). Development processes and technical parameters are in full compliance with safety integrity ASIL D (ISO 26262) and SIL 3 (IEC 61508)

Specific Requirements

Spezifische Anforderungen

Any changes to the design, components or processing may require repetition of some parts of the qualification in order to retain the certification.
The certificate report is an integral part of this certificate.
The safety related application guidelines (e.g. safety manual) shall be maintained.

**Certification Body
for Functional Safety
SGS-TÜV Saar GmbH**

The validation status is documented via SGS Certification Database.

The test mark regulation is an integral part of this certificate.

Munich, March 28th, 2022

Marcus Rau
